

## Bray

### *St Michael's Church*

The [Church](#), which dates from 1293, was the home of the Vicar of Bray, immortalised in a satirical poem. It also has special significance for John and Caroline Turnbull.....

The tiny village of Bray is a gastronomic paradise, boasting no less than 7 Michelin stars, including two of England's five 3-star restaurants:

[The Waterside Inn](#) (3 stars)

[The Fat Duck](#) (3 stars)

[The Hinds Head](#) (1 star)

A little further downstream is [Monkey Island](#), once owned by the Duke of Marlborough but now a small luxury hotel
