

The 6th British Rowing European Tour

Steenwijk, North Holland

7th – 11th May 2025

Steenwijk is a historical city in the province of Overijssel, Netherlands, that offers a glimpse into the past and a taste of the present. Steenwijk received city rights in 1327 and has preserved its old charm with its fortifications, canals, and monuments. You can explore the city's heritage at the Museum Steenwijk, the Church of Saint Clement, and the Town Hall. Steenwijk is also a great base for discovering the natural beauty of the region, such as the Weerribben-Wieden National Park, the Giethoorn village, and the Dwingelderveld National Park. Whether you are looking for culture, nature, or adventure, Steenwijk has something for everyone.

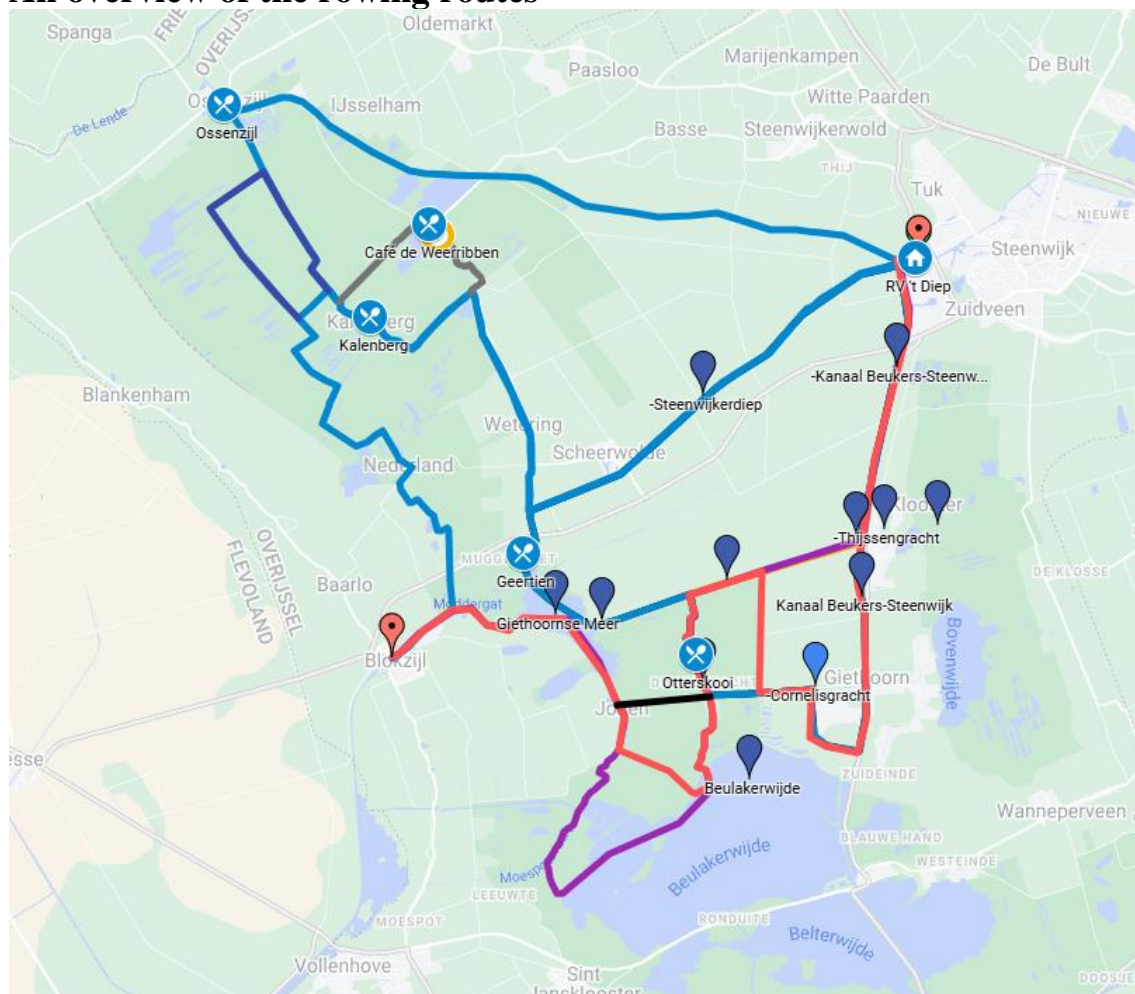

Our rowing tour will allow us to explore some of the rivers, canals and lakes of this scenic area.

Organised by the Recreational Rowing Working Party

Provisional Programme

Wednesday 7 th May	Travel to Steenwijk. The easiest way is to fly to Amsterdam and then take a train. The journey takes approximately 2 hours and you will need to change trains at least once (e.g. in Utrecht) Dinner and overnight in hotel
Thursday 8 th May to Saturday 10 th May	Row from Steenwijk Rowing Club along various routes suggested by the club, visiting the Wierribben-Weiden National Park, the villages of Ossenzijl and Blokzijl, Beulakerwijde lake and several canals, stopping off at some of the many cafes and bars for refreshments along the way. There are no locks! Dinner and overnight in hotel
Sunday 11 th May	Return home

An overview of the rowing routes

Steenwijk Rowing Club will advise which routes we should take each day, depending on weather and traffic conditions. In particular, rowing on Beulakerwijde lake is only possible with very light northerly and north westerly winds.

Cost

Preparation for the tour is at an early stage (as of 15th February) and we will advise costs when we have identified a suitable hotel or hotels and arranged local transport.

Booking

The tour is not yet open for firm bookings, but please use [this form](#) for expressions of interest.
